CARBON, ALBERTA, THURSDAY, JUNE 12, 1930

\$2.00 A YEAR IN ADVANCE

CHAUTAUQUA IS ASSURED FOR 1931

The Carbon Chautauqua is over for this year and the entire program was about the best that has ever been on the Chautauqua circuit. In spite of the fact that ticket sales were just half of what they were last year, the men of the town and district still have faith in the organization and almost 50 guarantors fixed their signature to the 1931 contract. The ticket sales amounted to about \$800 this year and with the guarantee and expenses the sum of about \$1000 will have to be put up. The Carbon committee, however, were fortunate in having a bank balance of nearly \$460 and no one was out-of-pocket.

PIMM'S HOUSE BURNS TO GROUND ON MONDAY

The first fire to occur in Carbon for some time, happened on Monday afternoon of this week when Pimm's house, next to Henry Johnsen's place, was burned to the ground. Smoke was noticed about 2:00 p.m. coming from the building and the fire alarm was turned in immediately, but everything was so dry that the fire gained too great a start before the water was turned on and the house was burned to the ground. Henry Johnsen's house had a narrow escape and the only damage done to it was a few broken windows from the heat.

The origin of the fire is not known, but the house has been vacant for more than a week and it is thought that school children playing in the house may have been responsible for the blaze.

FOURTH FORTNIGHTLY CROP REPORT

Showers falling over a large part of the province early in the past week, followed by higher temperatures and an absence of winds have created a more favorable crop outlook than existed ten days ago.

During the last week in May continued high winds caused soil drifting, resulting in widespread injury to the growing crops in the central part of the Province and in limited areas re-seeding was necessary. It is impossible at present to accurately estimate the damage due to soil drifting. The degree in which severely blown fields will recover will depend upon the weather conditions of the next ten days. There is considerable injury to crops due to wireworms and cutworms and it may be stated that injury to crops due to soil drifting and insect pests is slightly above the average.

Reports from the areas lying south of Calgary and north of Edmonton continue to be most favorable. Moisture in these areas has been sufficient for present needs and they have not suffered from soil drifting as in other parts of the province.

A number of our correspondents report pasture fair and livestock in good condition. The hay crop, however, outside of irrigated areas is likely to be below average. On the irrigated lands, alfalfa is making excellent progress.

FINANCE MINISTERS WHO ARE AN HONOR TO THEIR COUNTRY

There was an item in the supplementary estimates providing \$4000 to tide Mrs. J. A. Robb over a certain period. This is taken as evidence that Hon. J. A. Robb like other Finance Ministers, did not die in possession of wealth. And while this in its way may be deplorable it is a striking tribute to the honesty of Canadian public men who handle billions.

Hon. W. S. Fielding died a poor man. Sir Thomas White is moderately wealthy, but he came away from the Finance Department with his finances much impaired. And Hon. J. A. Robb furnishes evidence that he gave to his country in addition to his services more than he got out of it.

Such men are an honor to their country and a refutation of a too general charge as to the dishonesty of public men.—Nelson (B.C.) News.

TRUSTEES' CONVENTION TO BE HELD AT ELMORA JUNE 24

The Trochu Inspectorate School Trustees' annual convention will be held at Elmora this year on Tuesday, June 24th and it is hoped that every school trustee in the district will make it a point to be there. There will be a lengthy, but interesting program this year and good speakers will be in attendance. The programme of the convention appears in double column in this issue of "The Chronicle."

Golf Notes

CARBON GOLFERS PLAY AT TROCHU ON SUNDAY

A number of the members of the Carbon Golf Club motored to Trochu on Sunday to play the second eighteen holes of the 54 hole competition for the Herald Trophy. There were six players from Carbon and a number from Irricana, besides the Trochu players and a delightful day of golf was had by the players. So far in the tournament L. Poxon of Carbon leads and the eighteen holes of golf played at Carbon next Sunday will decide the competition. It is expected that a good turnout of members will be here on this occasion from the clubs of Irricana and Trochu and the finals will be worth watching from a spectators point of view, should any of them care to follow the players around.

The players going to Trochu on Sunday were Messrs. J. J. Greenan, Len. Poxon, S. Carney, R. J. Fairbairn, H. Brown and E. J. Rouleau.

A dance was held in the Elks hall on Thursday night and one again on Saturday night after the Chautauqua performances. The attendance was large on both occasions.

NOTICE

NOTICE is hereby given that in the Electoral District of Didsbury, the Official Agents of the Candidates are as follows:

For W. A. Austin,—

Hugh Wesley Chambers, of the town of Didsbury, Chemist.

For A. B. Claypool,—

John Earle, of the Village of Acme, Manager Acme Ass'n. of U.F.A. Dated at Swallow this ninth day of June, 1930.

I. U. MacLENNAN,
Returning Officer

LITTLE ITEMS OF LOCAL INTEREST

A. F. McKibbin left on Sunday to attend the Druggists' Convention at Edmonton.

Great Bend Consolidated School District won the football series against Elmora in the semi-finals, and are now prepared to play the Carbon School in the finals. The match for this is to take place at Trochu.

The Carbon Golf course was quite an attraction to a number of the players in the Chautauqua this year and many stayed here over Sunday on account of the good hotel accommodation and other sport attractions besides golf.

A number of the Carbon citizens were picnicing near Drumheller on Sunday.

C. H. Nash has been confined to his home with rheumatism for the past week.

Anglican Church Service will be held in Carbon on Sunday, June 15th at 7:30 p.m. This will be the introduction service for the new resident minister, Rev. Bachelor. Everybody welcome.

W. G. Shell was a Calgary visitor last week.

Mr. and Mrs. T. J. Ramsay, Stanley and Mervyn, and Mrs. E. J. Rouleau motored to Calgary on Saturday and returned on Sunday.

Mr. and Mrs. H. N. McNaughton were Calgary visitors on Tuesday.

Hugh MacDonald returned from Calgary on Friday, where he has been attending Normal School.

DR. D. GRAHAM CONSERVATIVE CANDIDATE FOR BOW RIVER

At the Conservative Convention held at Gleichen on Wednesday afternoon last, Dr. Dawson Graham, of Drumheller was the unanimous choice of the Bow River riding Conservatives in the forthcoming Federal election. Several candidates were mentioned previous to the convention, but as many of these could not spare the necessary time for the office, they had to refuse the nomination.

Nominations

TWO CANDIDATES NOMINATED IN DIDSBURY CONSTITUENCY

Nomination day closed on Monday, June 9th for the Provincial elections, and in the Didsbury Constituency the Returning Officer, I. U. MacLennan of Swallow, has announced that there will be just two candidates in the field here. These will be A. B. Claypool of Swallow, U.F.A., and W. A. Austin of Didsbury, who is running on an Independent ticket.

Polling day will be next Thursday, June 19th and all those who are entitled to vote are asked to exercise their franchise on this occasion.

FOUR-LEGGED CHICKEN AT DRUMHELLER

A quadrupled chicken emerged from its shell at the farm of Fred Archer at Drumheller last week. The chick, which is a White Wyandotte, has three legs on one side, the right side being normal. The little freak is still living and can chirp as loudly as its brothers and sisters, and shows every indication of surviving with the extra burden placed upon it.

CHRONICLE ADS PAY

"This is the forest primeval" replied the student stroking his lip.

SPECIALS FOR THIS WEEK ONLY

Men's Shaving brush, \$1.25, and Klenzo shaving cream, both for 99c

A. F. McKIBBIN, PHM. B. Prescription Specialist PHONE 24 CARBON

WM. A. AUSTIN HOLDS MEETING

W. A. Austin, the Independent candidate in the Provincial elections, was a visitor to Carbon on Tuesday night of this week and addressed a public meeting in the Elks' Hall. Owing to the storm and the fact that the lights were out till about 9:00 p.m., the crowd was not as large as was expected, although a good audience was on hand to hear the remarks of the speaker.

D. G. Code of Carbon acted as chairman of the meeting and in a few well chosen words introduced the speaker of the evening, Mr. Austin.

Mr. Austin opened his address with the statement that he was an Independent candidate and that his views were all independent as to political ties. He mentioned that he had accepted the nomination with this one thought in mind and that any legislation that was being passed in the house, should he be elected, would receive his support if he thought it was for the good of the country regardless of what party introduced the bill, and that this would always be his stand. Mr. Austin went on to mention that the provincial debt of \$162 for every man, woman and child in the Province of Alberta, was too great and that it should be reduced. He was not in favor of letting the Province go back with the one view of reducing the taxes, but he believed that there were many expenditures that the government could avoid without hindering the progress of Alberta. The speaker pointed out the mistakes of the government in the past term, especially as regards to land settlement schemes and although the government admitted that a mistake had been made—everyone made mistakes—and the matter was dropped. Mr. Austin pointed out that if a strong opposition had been in the house that mistakes of this kind could not occur as easily, because the party in power would have to submit many questions to the legislature first and that any doubt of expenditures could be erased before it was too late. On this stand Mr. Austin appealed to the voters for their support and in concluding he stated that although he may be in the opposition, if elected, with strong opposition a better government with more economies would be had for the Province of Alberta.

Local News Items

A good shower of rain came down in the district on Tuesday night and the moisture is always welcome.

Mrs. Greenan and Mrs. L. Poxon were Three Hills visitors on Tuesday, taking in the demonstration of the new Hot Point Electric Ranges.

Mrs. A. J. McLeod left on Tuesday for a short visit in Calgary.

Born, to Mr. and Mrs. H. Morrison of Oyen, a daughter, on Saturday, June 7th.

LOST—Turf Club Bag between Carbon and Irricana, on Saturday, June 7. Finder please return to T. J. Ramsay of Carbon.

Mrs. J. O'Rourke and son went into Calgary on Tuesday.

I. Guttman motored to Calgary on Sunday and returned on Monday.

THE SUCCESS FAMILY

The father of Success is Work. The mother of Success is Ambition. The oldest son is Common Sense. Some of the other boys are: Perseverance, Honesty, Thoroughness, Foresight, Enthusiasm, Co-operation. The oldest daughter is Character. Some of the sisters are: Cheerfulness, Loyalty, Courtesy, Care, Economy, Sincerity, Harmony. The baby is Opportunity. Get well acquainted with the old man and keep an eye open for the baby and you will be bound to get on well with the rest of the family.

PROVINCIAL GENERAL ELECTION THURSDAY, JUNE 19, 1930

NOTICE TO VOTERS

THE VOTER MUST NOT

- USE THE X MARK.
- PLACE MORE THAN ONE CHOICE IN THE WHITE SPACE CONTAINING THE NAME OF ANY CANDIDATE.
- MAKE THE SAME CHOICE FOR MORE THAN ONE CANDIDATE.
- MAKE ANY MARK ON THE BALLOT NOT AUTHORIZED BY THOSE MARKS.

THE VOTER SHALL GO IN THE BOOTH AND WITH A PENCIL PLACE THERE THE FIGURE (1) ONE WITHIN THE WHITE SPACE CONTAINING THE NAME OF THE CANDIDATE WHO IS HIS FIRST CHOICE; THEN PLACE THE FIGURE (2) TWO WITHIN THE WHITE SPACE CONTAINING THE NAME OF THE CANDIDATE WHO HE WOULD PREFER NEXT TO THE CANDIDATE WHO IS HIS FIRST CHOICE. CANDIDATE MAY THEN PLACE THE FIGURE (3) WITHIN THE WHITE SPACE CONTAINING THE NAME OF THE CANDIDATE HE WOULD ELECT IF NEITHER HIS FIRST NOR HIS SECOND CHOICE CAN BE ELECTED, AND SO ON, MAKING AS MANY CHOICES AS THERE ARE CANDIDATES. PLUMP FOR ONE CANDIDATE ALONE USING THE FIGURE (1) AND WITHOUT SPOILING THE BALLOT, BUT IS URGED TO VOTE THE FULL EXTENT OF HIS CHOICE, THAT IS, BY MARKING THE FULL NUMBER OF CHOICES, SO THAT THE VOTER OBTAINS THE FULL BENEFIT OF BALLOT.

JOHN B. HUNT,

CLERK OF THE EXECUTIVE COUNCIL.

The Canadian Pacific Bubble

The following extract from an editorial in "London Truth," published, September 1, 1881, 49 years ago, is amusing.

The Canadian Pacific Railroad Company has begun, I see, to launch its bonds. A group of Montreal and New York bankers have undertaken to float ten million dollars worth of the company's land grant bonds, and the Bank of Montreal, with its usual courage, has taken one-fourth of the entire loan. This announcement looks as if the Canadians were going to raise the necessary capital on the other side of the water, but I have a shrewd suspicion that they have no real intention of doing anything of the kind. The New Yorkers are keen enough gamblers, and reckless enough at times I admit, and yet it is impossible to believe that they are such fools as to put their money into this mad project. I would as soon credit them with a willingness to subscribe hard cash in support of a scheme for the utilization of icebergs. The Canadian Pacific Railway will run, if it is ever finished, through a country frost bound for seven or eight months in the year, and will connect with the western part of the Dominion a province which embraces about as forbidding a country as any on the face of the earth. British Columbia, they say, has forced on the execution of this part of the contract under which they become incorporated with the Dominion, and believe that prosperity will come to them when the line is made. This is a delusion on their part. British Columbia is a barren, cold, mountain country that is not worth keeping. It would never have been inhabited at all, unless by trappers of the Hudson's Bay Company, had the "gold fever" not taken a party of mining adventurers there, and ever since that fever died down, the place has been going from bad to worse. Fifty railroads would not galvanize it into prosperity.

Nevertheless, the Canadian Government has fairly launched into this project and I have no doubt the English public will soon be asked to further it with their cash. The parade of selling bonds in New York and Montreal is the new way of doing business that "Syndicates" bankers and loan contractors have adopted in order that it may seem that they have faith in the schemes they father. I doubt if ten millions of dollars of ready cash could be found in all of Canada for this or any other work of utility at a pinch, but the Canadians are not such idiots as to part with one dollar of their own if they can borrow their neighbors'. The Canadians spend money and we provide it. That has been the arrangement hitherto, and it has worked out splendidly—for the Canadians—too well for them to try any other scheme with the Canadian Pacific, which they must know is never likely to pay a single red cent of interest on the money that may be sunk in it. A friend of mine told me—and he knew what he was talking about—that he did not believe the much touted Manitoba settlement would hold out many years. The people who have gone there cannot stand the coldness of the winters. Men and cattle are frozen to death in numbers that would rather startle the intending settler if he knew; and those who are not killed outright, are often maimed for life by frost-bites. Its street nuisances kill people with malaria, or drive them mad with plagues of insects; and to keep themselves alive during the long winter they have to imitate the habits of the Esquimaux. Those who want to know what it is like should read the not-yet-forgotten books of Colonel Butler. His "Great Lone Land" is the land of which the Canadian Pacific Railway has vet five and twenty million acres to sell and it is through a death-dealing region of this kind that the new railway is to run.

As the bonds "secured" on this land or others guaranteed by the Dominion Government are sure to be offered in this market by the "Bankers" and others forming the company, I think a word or two on Canadian finances in general would be in season.

Canada is one of the most over-rated Colonies we have, but it is heartily "loyal" and makes the loyalty pay. Its astute inhabitants know well how to work on John Bull's susceptibilities, and I have seen nothing finer in the way of advertising than poor Lord Lorne's "Tour" now in progress. He has gone to the North, but just at the right time, and the gushing accounts we are receiving from the "Spec'als" who are accompanying him are admirably adapted to create a belief that the true land of promise is to be found there at last. With such soil to till, and among such Queen worshippers, the distressed British farmer would be in bliss. Of course they who choose can believe all that. For my part I know of only one province in the whole Dominion—that of Ontario. "It is the only province," as a shrewd land jobber said to me once, "where you can lend money on land with any hope of ever seeing your own again." As for the country as a whole it is poor and it is crushed with debt. The Supreme Government owes about thirty-five million pounds altogether, and every province has its separate debt, as also has almost every collection of shanties calling itself a "city." The Province and the City of Quebec are both notoriously bankrupt, and the latter was obliged to go to Paris with its last loan, probably because nobody would lend it here. Last year the country had the benefit of a good crop and a good market here, so that it did a little better, but generally it has hard work to make both ends meet, and often couldn't. Nearly every year it comes for a new loan or two, and once it is fairly committed to making this new railway I see nothing before it but bankruptcy. While the money is being spent all will go well enough, perhaps, but in the end the Dominion will have to go into liquidation. It amazes me that its stocks stand where they do as things are, but if people took the trouble to look beneath the surface, prices would be very different. One of these days when the load gets too heavy, Ontario is pretty certain to go over to the States into which it dove-tails, and where its best trade outlet is. When the day comes the "Dominion" will disappear. With the contingency ahead and with the prospect of another fifty million pounds or so to be added to the debt, can it be said that "Canadian Unguaranteed Four Per Cent" are worth their present price? This "Dominion" is, in short, a "fraud" all through and is destined to burst up like any other fraud. Then, and not, I suppose, till then, the British taxpayer will ask why we guaranteed so much of this sham government debt.

Too Much ACID

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that—for your own sake—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

Britain's New Flying Operating Theatre

Machine Just Completed Is Equipped
Up-To-Date

For use in the outpost of the British Empire, a remarkable new flying operating theatre has just been completed. In order that a patient may be lifted gently, the sides of the cabin are hinged, so that they fall completely open. There are racks for surgical appliances of all sorts, and room for two attendant nurses as well as a doctor. The fuselage is specially sprung in order that taking off and landing shall not unduly disturb the patient. An ice chest, fresh-water tanks, and a small electric stove for heating water form part of the equipment. The machine is fitted with two Napier Lion engines, giving a total of nearly 1,500 h.p., and the aerial operating room can be maintained in the air with only one engine working with very little reduction of speed. Operations would be carried out in mid-air only in the most urgent cases; but there have been instances where the lives of settlers, soldiers, and natives in remote outposts could have been saved if an immediate operation, followed by skilled nursing, could have been assured. The new aeroplane will meet this need.

AGONY OF NEURITIS

A Story Of Intense Suffering
and Relief

"Do I recommend Dr. Williams' Pink Pills?" "You may believe I do," says Mr. John H. Jamieson, of Wallaceburg, Ont.

"For five years I suffered day and night from neuritis. The agony was terrible. I lost control of my arm and shoulder and my hand became shriveled. Nothing helped me till I began taking Dr. Williams' Pink Pills. Even then the improvement was slow and I took ten boxes before I was on the way to recovery. After that, though, relief was rapid. My hand gradually filled out; the pain left me and I could sleep in peace. That was two years ago and I have not had a twinge of the trouble since."

Sufferers from neuritis, neuralgia or rheumatism should try the common-sense method of banishing these troubles by enriching the blood and strengthening the nerves with Dr. Williams' Pink Pills. These Pills are sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A Growing Industry

Demand For Bulbs Grown On Vancouver Island Exceeds Supply

"Bulb growing on Vancouver Island is still an infant industry," said Mr. T. B. Dempster, who is probably the largest grower of bulbs in British Columbia, as well as the pioneer grower of bulbs on the Island for export, having been established for twenty-one years. "The possibilities for the growth of this industry are enormous. We could do a greater volume of business than we are doing at present if we could supply the demand, and occasionally find ourselves in the position where we must buy bulbs for our own use."

Persian Balm creates and preserves lovely youthful complexions. Tones and stimulates the skin. Fragrant as a flower. Cool as morning dew. Swiftly absorbed by the tissues, making the skin wonderfully soft-textured. Unrivalled as an aid to feminine elegance. Delightful to use. Imparts additional charm to the daintiest of women. Persian Balm is the one toilet requisite for the exacting woman. Peerless as a beautifier.

Avalanche Easily Started

Even a whisper has been known to start an avalanche on the Alpine passes. One disastrous avalanche was attributed to the tinkle of the sleigh bells, and the use of bells has been prohibited on that particular mountain.

A Remedy For Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Electric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear do much in relieving pain.

Another phase of much-needed national adjustment is disclosed by the fact that there are over 26,000,000 automobiles and less than 1,000,000 hospital beds in this country.

Use Minard's for Rheumatism.

Helping the Empire

Wise "Old Country" Housewives Buy
Canadian Produce

"Wise shopkeepers stock Canadian produce, good housewives buy it" is the maxim underlying the Empire Marketing Board's latest Canadian poster frame set now appearing on the Board's special frames in London and nearly five hundred cities and towns in the "Old Country."

The set consists of five posters. A Canadian apple orchard in flower and a ship for Canada under construction in a United Kingdom shipyard, are the subjects of the first and fifth. In the centre are maps of the United Kingdom and Canada drawn to scale. To right and left are smaller posters showing barrels of Canadian apples being unloaded at the docks and a customer inspecting a display of Canadian food products at a grocer's shop.

The posters point out how bigger purchases of Canadian products will result in bigger orders for Home factories. "Every time you buy Empire produce you help the Empire to buy the goods you make at home" is the message of the whole set.

Minard's for Falling Hair.

Chimney-sweeps are remarkably free from colds, observes a doctor. But they're used to the flue.

Madras, India, is to have a suburban electrified railway service.

Leaving Britain For First Time

The first steam locomotive, Stephenson's "Rocket," will be sent from London to the Chicago "Century of Progress" Exposition, Arthur Henderson, Foreign Secretary of Britain, has officially advised U.S. Ambassador Charles G. Dawes. It was understood this will be the first time the "Rocket" ever left Britain.

Insects are costly, their control is one of the greatest problems with which any country is confronted.

EVERY BIRD LOVER should have this new revised edition of — Brock's Book on Birds—replete with 342 pages of valuable information on the care and feeding of cage birds; also enlarged (30 pages) of practical advice on the treatment of bird diseases.

The regular price is 25 cents, but to readers of this paper who enclose 10 cents, addressed to the WINNIPEG NEWSPAPER UNION, McDermott Avenue, East, WINNIPEG—a copy of Brock's Book on Birds will be sent along with a generous sample of Brock's Bird Seed—a correctly balanced diet prepared from the finest seeds, selected from all parts of the world; together with a real treat for your bird, a sample of Brock's Bird Treat, a tonic that brightens the plumage and strengthens the song.

FOREST FIRES DESTROY SCORES OF FARM HOUSES

Port Arthur, Ont.—Fourteen-year-old boys, grim-faced, weary from loss of sleep, fought like men and did men's work in Sioux Lookout's valiant defence against forest fire invasion. V. R. "Bill" Hicks, Ontario air force pilot who arrived here, told forestry officials and newspapermen who met him. Sioux Lookout is out of danger now, Hicks said, and the few fires that remain in that district are under control.

More than twenty-five families, approximately 75 persons in all, were temporarily homeless, driven from their homesteads by the relentless onrush of devastating forest fires of timber land in north-western Ontario for the past six weeks.

While a large force of forest rangers and volunteers were heroically battling against the numerous blazes, word was received of the first fire fatality.

The body of Paul Garten, former German war ace, who had been employed as pilot by the Western Canada Airways, was recovered from the waters of Lake Sesegana, near Allan-water, Ont. It is believed that Garten's machine, enveloped by dense smoke clouds crashed into the lake, June 2. On that day, the airman was on a cruise over the flame-ridden country, scouring for possible refugees and checking on the path of the fire. Garten distinguished himself as a flyer with the famous Rich-torfen Circus on the Western front during the war.

Larson is a blackened ruin. The little railway hamlet about two miles west of the lakehead on the Canadian National Railway fell prey to flames, and its few residents fled to neighboring towns.

Frame houses at isolated points in the Larson region were destroyed, bringing the total loss in personal property close to \$100,000.

When Albert E. Swain's milk farm was totally demolished and the animals lost, damage was estimated at \$50,000.

Strike Natural Gas Well

In Search For Water Near Hudson Bay Junction

Hudson Bay Junction Sask.—There was a big rush here for natural gas, when prospectors and citizens left for the scene of a blazing well, 20 miles south of Hudson Bay Junction.

While a C.N.R. well digging outfit sought water at a depth of 300 feet they noticed a gas escaping and set a match to it. It ignited at once and is still burning with a flame about ten feet high. There are indications of oil at some points in this district and claims have been staked over the last few years but this is the first inclination towards a natural gas well. It is reported that if the well were deepened a great supply of gas would be released.

Prince Substitutes For King

London, England.—The Prince of Wales substituted for King George in the trooping of the colors during the Horse Guards' parade on the monarch's birthday. He wore the uniform of a colonel of the Welsh Guards. King George, who was 65 years old, watched from a balcony of the admiralty building. He seemed fit despite the rheumatic attack which prevented his participation.

A Six-Horse Town

Churchill, Man.—Population of Churchill, on Hudson Bay, has been tripled, speaking in equine terms. Two teams of horses were brought to the port from The Pas, to join the lone duo of horses taken to Churchill last season by the Department of Railways and Canals. So Manitoba's most ambitious settlement is now a six-horse town.

President Wants Action

Washington, D.C.—President Hoover of the United States says he wants action on the London naval treaty and has informed Senate leaders that he will call a special session of the Senate to discuss the treaty.

W. N. U. 1841

Needs Canada's Co-Operation

Without Her Help Britain Cannot Develop Atlantic Airways

London, England.—The air lines of the British Empire are expanding rapidly and rank second only, in mileage, to those of the United States, declared the Rt. Hon. Lord Thomson, secretary of state for air, in the House of Lords, during a broad and inspiring review of the Empire's accomplishments in the world of flying.

Lord Thomson predicted an era of great aerial expansion within the Empire in the next year or so. He stated there were now about 22,350 miles of regular air routes. He hoped the end of 1931 would see an extension of the Indian route towards Australia, but the date for the completion of this plan, he said, rested largely with the government of Australia.

The Cape to Cairo route should be completed as far as the great lakes of Central Africa by the end of this year and be in full operation by the spring of 1931.

Lord Thomson praised the opening up of what was called the Atlantic airways in the western Atlantic. Such a development, although started, could only be carried through with the co-operation of the Canadian government and the most sympathetic response was coming from Canada. A great deal of work had been done by the consultative committee established last July, said the secretary of state for air. They had reported favorably on the Atlantic airways scheme and he was fairly confident now that "we should be able to do something along this line."

Question Can Wait Action

No Hurry On Fixing Bay Route Insurance Rates On Shipping

Ottawa, Ont.—Question of insurance rates on shipping by the Hudson Bay route is relatively unimportant at the present time, stated Hon. T. A. Crerar, Minister of Railways and Canals. His statement referred to the report of the imperial shipping committee to the Canadian Government, saying that it will be impossible to fix rates until navigation is under way and the effect of ice-breakers and direction finding wireless equipment is established.

Mr. Crerar mentioned that it will be 14 to 15 months before European traffic uses the bay route to any extent.

When asked if the government would take over the insurance of shipping until the new rates are struck, Mr. Crerar said no consideration had been given to that phase of the question.

Grain Broker Sentenced

Winnipeg Man Is Given Two Years In Penitentiary

Winnipeg, Man.—F. H. Bole, prominent Winnipeg grain man, was sentenced to two years in penitentiary on charges of obtaining money from the Bank of Montreal by false statements. Mr. Bole, who was head of the Electric Elevator Company, Limited, recently suspended from trading on the Winnipeg exchange, pleaded guilty in provincial police court.

Three charges were laid against the grain official, covering amounts totalling \$85,000 alleged to have been obtained from the bank. After entry of a plea of guilty to all three charges, Mr. Bole was sentenced to one year on one charge, and two years on each of the other two charges. All sentences, the court ruled are to run concurrently.

Icelanders Leave For Celebration

Going Home For Big Anniversary Of First Parliament

Winnipeg, Man.—Prominent members of western Canadian Icelandic communities numbering 150, left here June 3, bound for the millennial celebration of the Althing, to be held in Reykjavik, Iceland, this month.

At the station, hundreds of friends and representatives of local organizations gathered to farewell the party, which includes Prof. R. Beck, head of the department of Scandinavian languages, University of North Dakota, and H. Westergaard, Norwegian vice-consul at Estevan, Sask.

NEW U. S. MINISTER

Lieut.-Col. Hanford MacNider, who has been chosen by President Hoover as United States Minister to Canada.

Canada Will Be Represented

Delegates Have Sailed For World Power Conference At Berlin

Ottawa.—Canada will be well represented at the second world power conference to be held in Berlin, Germany, June 16-25, it was announced by Dr. Charles Camsell, Deputy Minister of Mines and Chairman of the National Committee. Not only have many Canadian delegates sailed, but several papers will be delivered on the water power resources of this country.

Among the Canadian delegation will be Dr. Camsell, John Murphy, electrical engineer, Department of Railways and Canals; Hon. F. P. Burden, Minister of Lands, British Columbia; Dr. T. H. Hogg, chief hydraulic engineer, Hydro-Electric Power Commission of Ontario; G. A. Gaherty, president, Calgary Power Company; J. C. Glassco, general manager, Winnipeg Hydro-Electric System.

A feature of the conference will be a telephone radio hookup on the occasion of the official banquet on June 18, at 3 p.m. E.S.T. Berlin, London, England, San Francisco, Cal., and Thomas Edison's laboratory will be included in the hookup.

Mr. Edison will speak from his laboratory in New Jersey.

Blue Print Makes Air Trip

Carried By Wind From Melita, Manitoba To Saskatchewan Town

Brandon.—Carried more than 175 miles through the air by the high winds, a blue print travelled from Melita, Man., to Assiniboia, Sask., where it was picked out of the air by a resident of the latter town. The A. R. McDiarmid, Ltd., received the blue-print back in their office with the notation on it from Assiniboia, "picked this out of the air during big blow. Some record."

The print had been sent to Melita in a bid for some work and was known to have been in the possession of the Melita people, and no other copy was in existence.

Health Insurance System Advocated

Would Curtail Immense Loss Caused By Sickness Is Belief

Toronto, Ont.—A state health insurance system as a means of curtailing a large percentage of the \$300,000,000 loss of productive capacity in Canada annually from preventable illness was strongly recommended for support by the Canadian Manufacturers' Association in the report of the industrial relations committee here at the 59th annual meeting of the association.

The report cited findings of a special commission appointed by the British Columbia Government in support of the recommendation and stated experience in England, Germany and the United States shows that sickness causes more lost time than all other causes put together.

The industrial relations committee expressed a willingness to co-operate with the government in the movement for a thirteen month calendar.

Distributing Samples Of Champion Wheat

Toronto Visitors Will Be Reminded Of Alberta's Victory

Toronto, Ont.—Five thousand samples of the consignment of Alberta wheat which won the world's championship at the Chicago Grain Exposition last fall will be distributed among visitors at the Shrine convention here.

Arrangements for the novel method of attracting attention to Alberta's and Canada's achievements in the world of agriculture were concluded by Hon. George Hoadley, Alberta's Minister of Agriculture. As the result of his negotiations, 5,000 phials containing the wheat samples are ready for distribution to interested Shriners or their families.

The champion wheat was grown on the farm of Joseph H. B. Smith, at Wolf Creek, Alta.

Message From King George

Replies To Congratulations On Birthday From People Of Canada

Ottawa, Ont.—Replying to a message of congratulation sent on behalf of the government and the people of Canada, His Majesty King George, cabled Premier King as follows:

"I sincerely thank you, the government and people of Canada for your greetings and good wishes on this anniversary of my birthday. I much appreciate the loyal sentiments to which your message gives expression."

Mission Hospital Burned

Fort Simpson, N.W.T.—Inflicting loss over \$50,000, flames of unknown origin swept through the Roman Catholic Mission Hospital here on June 4. Heroic work on the part of the sisters in charge of the institution was responsible for the saving of all patients and considerable of the valuable hospital equipment. The old building was erected about 20 years ago.

THOMAS GIVEN NEW POSITION IN BRITISH CABINET

London, England.—Prime Minister Ramsay MacDonald, in the House of Commons, made the first announcement regarding his expected plans for changes in the Labor Cabinet when he stated that J. H. Thomas, Lord Privy Seal, at present in charge of the government's programme for relief of unemployment, is to be made Secretary of State for the Dominions—a newly created cabinet post.

Until a few years ago dominion affairs came under the British colonial office. Then, in deference to the increased independent status of the Dominions, the title of that department was changed to the Dominion and Colonial Office, though the administration of it remained in the hands of one minister.

MacDonald informed the house that the approach of the imperial conference, which will be held here in September, and the nature of its business necessitated complete separation of the Dominion and Colonial offices and the placing of a separate minister over each. He then said that Thomas will accept the new post of Secretary of State for the Dominions. It is not entirely new to Thomas, however, as in MacDonald's first government, in 1924, he was colonial secretary and became extremely popular with the dominion governments and their representatives in London.

New Senators Appointed

Five Vacancies In Province Of Quebec Are Filled

Ottawa.—Appointment of five new senators from the province of Quebec, was announced following a lengthy meeting of cabinet.

Those appointed to the senate are: Hon. Rodolphe Lemieux, who was speaker of the House of Commons; E. W. Tobin, late Federal member for Richmond-Wolfe; J. E. Prevost, late member for Terrebonne; George Parant, late member for Quebec West; and L. A. Wilson, former member for Caudreuil-Soulanges.

In making the announcement, Prime Minister Mackenzie King explained that the fifth Quebec vacancy in the senate arose through the resignation of Senator Louis Lavergne, of Kenebec. It is understood that ill-health is the cause of the resignation of Senator Lavergne.

Mr. King also stated that it had been the rule in the past not to appoint members of parliament to the senate. There had been some exceptions but the general rule had been followed for some time. This explained why all those appointed at the present time were former members of parliament who had held seats up to the date of dissolution.

Grain Elevator Burned

Cause Of Fire Believed To Be Spontaneous Combustion

Silton, Sask.—The Pool elevator, built in 1912 and containing 11,000 bushels of grain, was a smouldering heap, on Wednesday morning, June 4, as the result of a fire that broke out the night before. The loss is estimated at about \$35,000. The fire is believed to have been caused by spontaneous combustion. Seven empty C.P.R. box cars standing on the loading tracks when the fire commenced, were pushed to safety by manhandling them further away.

New Radio Receiver

Atlantic City, N.J.—A radio receiver capable of adjustment to compensate for tonal deafness of the individual listener has been demonstrated to radio engineers assembled here. Julius G. Aceves, consulting engineer of the New York inventor of the device, explained its function and performance before a meeting of the Radio Club of America.

Depends On France

Rome.—Italy is willing to suspend her 1930 naval building programme pending the outcome of the proposed Franco-Italian conversations on naval limitation, if France agrees to do the same, Dino Grandi, the foreign minister, announces.

WHERE R-100 WILL "LAND"

Extensive preparations for handling the huge crowds who are expected to greet the monster dirigible upon its arrival at St. Hubert Air Field, near Montreal, from England, are being made by the Canadian National Railways.

Special trains will be operated from Bonaventure Station to St. Hubert, where trackage is being installed specially for the handling of this service. The photographs show: Left, the huge mooring mast constructed in preparation for the arrival of the R-100. Upper, trackmen at work installing sidings in preparation for the special trains which will be operated during the dirigible's visit.

EXERCISE YOUR FRANCHISE

This is a free country and every
naturalized citizen of Canada who is
of the full age of 21 years is allowed
one vote in the affairs of the country
at every election. Polling day in the
Provincial election will be next Thurs-
day, June 19th, and every person who
has a vote is asked to exercise it on
that day. This is a duty you owe to
your country and something which
you should be justly proud of.

Regarding which way to vote, this
is a matter for every voter to decide

for himself. There are two candidates
in the field. W. A. Austin of Didsbury
is running on an Independent ticket
and he expects the support of the Li-
berals, Conservatives and all others,
including the farmers who are not sat-
isfied with the present U.F.A. govern-
ment. On the other hand, Mr. A. B.
Claypool of Swallow, the U.F.A. Can-
didate, expects to be returned to the
provincial Legislature and he hopes
to poll a large vote on the strength
of his government during the last four
years and with the aid of the members
of the U.F.A. and the U.F.W.A., which
he is representing, as well as all those
who have faith in the Brownlee Gov-
ernment and himself. The election in
the constituency promises to be very
exciting and it is expected that a re-
cord vote will be cast.

NOT HAVING ANY

This is the time of the year in which
a flood of magazine solicitors is let
loose on the West, from Eastern pub-
lishing houses. Their sales talk this
year is a very high-powered affair,
starting briskly with "Made in Cana-
da" goods and working gradually up
to reading matter. These agents seem
to be quite nice boys, all struggling
to get through some Eastern college
and if perseverance helps they'll make
it. But our main quarrel with them is
that in spite of the fact that their
victim states that he has subscribed
through a local agent and intends to
renew through the local agent, they
still persist in trying to make a sale.
They don't grasp the small town view-
point.

And there should be a small town
loyalty in this little matter, quite as
much as in larger ones. Every town

has some Canadian magazine agent,
who certainly is entitled to preference
over strangers in the matter of maga-
zine subscriptions.

The same holds true of itinerant
peddlers of any other kinds of goods.
If you buy from them the money
is spent elsewhere. Buy from the local
merchant and the money is distributed
for the good of the town.

All of which brings up the respon-
sibility of mail order houses in sup-
porting the thousand small town ac-
tivities up and down the West—the
activities that help in building up
every town.

Did you notice any representative
of the mail order houses at last Sun-
day's band concert, at the ball games,
at the school concert, at any war
memorial meetings, at any Ladies' Aid
teas? They were not there, entering
into things as they should have done.
But in their place were all our own
townspeople, who are expected to
support churches, schools and all local
developments.

Who should get your business?—Ex.

**ELECTION WILL COST THE
DOMINION TWO MILLIONS**

Jules Castonguay, chief electoral of-
ficer, estimated that the coming Fed-
eral election will cost the Dominion
treasury \$2,000,000—the highest on re-
cord. He said there would be 30,000
polls and it would cost from \$20 to
\$30 to man each poll.

The preparation of the voters' lists
containing 4,000,000 names, will cost
about 25c a name when enumeration,
registration, revision and printing of
lists have been concluded.

A BEAR STORY

A few fellows sitting in the hotel were telling bear stories. A Swede was taking them all in, but saying nothing. At last one of the fellows said, "Say Olle, did you ever have any experience with a bear?" Olle said, "Yes, yust once. I was out picking huckleberries and I almost had my bucket full when I raised my head to see a big grizzly bear reaching out with one paw to take my hat off. I dropped my bucket and started to run, and the bear took after me, and you should see the dust fly! I came to a

river and started to cross on the ice, and I could feel that bear's breath on my back, and yust as I got to the other side the ice broke behind me, and the bear fell in and got drowned."

One of the fellows said: "Do you mean to tell me that you were picking huckleberries when there was ice on the river?"

Olle said, "Vell, I run from Yune till January."

CHINESE TAX CARS \$100 MONTH

A tax of \$100 per month is imposed

on all owners of motor vehicles in Shansi, one of the interior provinces of North China. The monthly license is good on only one of the three roads. If two roads are to be used by the same car, an additional license must be taken out. Gasoline costs more than \$17 a gallon.

"MAN, WOMAN AND WIFE" SHOWING AT THEATRE

"Man, Woman and Wife," Universal's underworld romance, will show at the Carbon Theatre on Friday and Saturday of this week. The screen play, as made by Director Edward Laemmle, has many new situations that have not been seen by fans before. It made a great hit with audiences. It is intensely interesting as well as refreshing.

The climax is one of the novel high lights of "Man, Woman and Wife." Ralph Brandon, played by Norman Kerry, deliberately walks into the range of a machine gun fire as he is escaping from prison. This ending, instead of a happier one, is satisfactory. The applause of the audience confirms it.

Brandon, losing his nerve while storming a machine gun nest in the war, changes identification tags with a dead soldier and deserts. After the war, given up for dead, he cannot return to his wife whom he loves, Rita, an underworld character and formerly fond of him, befriends him, keeping his secret.

His true identity is learned by an underworld leader, in love with Rita. He threatens to tell. Brandon kills him and is sent to prison. Rita promises the secret to another underworld figure, who, in return, engineers a jail-break for Brandon. But Brandon refuses to endanger, with his liberty, the happiness of his former wife.

"Man, Woman and Wife" is very well told and the director has succeeded in building up suspense for the dramatic ending. Pauline Starke appears in the featured role of Rita. Marion Nixon, Kenneth Harlan, Crawford Kent and Bryon Douglas perform capably in the supporting roles.

USES OF SALT

Salt will revive a dying fire.
Salt will remove stains on marble.
Salt—coarse—is a good cleanser of iron.
Salt mixed with soda is a remedy for bee stings.
Salt in water or other fluids will retard boiling.
Salt and water makes an excellent throat gargle.
Salt and hot water will thaw out a frozen drain pipe.
Salt will remove stains from delicate china cups.
Salt and water, warm, will stop chilblains from itching.
Salt, thrown on a fire will extinguish a burning chimney.
Salt and lukewarm water is an excellent lotion for the eyes.
Salt and warm water is an emetic in case of poisoning.
Salt mixed in cold water will remove bloodstains from linen.
Salt sprinkled on a range will absorb all grease splutterings.
Salt, warmed, and rubbed on a soiled light coat, will clean it.

500 MILE INDIANAPOLIS
SPEEDWAY
RACE

FLASH-

Indianapolis, May 30, 1930:
Billy Arnold, driving at an average speed of 100.448 miles per hour, won the 500-mile Speedway race here today on Firestone Gum-Dipped Tires.

BECAUSE of their extra strength and stamina, Firestone Gum-Dipped Tires hold all world's records for mileage and endurance.

Gum-Dipping is an exclusive Firestone process and the only known method of completely insulating every fibre of the tire against internal friction—the greatest enemy to tire life.

This extra process, combined with a rugged safety tread, produces the greatest strength, stamina and safety that is possible to build into a tire.

WRIGLEY'S is good company on any trip.

It's delicious flavor adds zest and enjoyment. The sugar supplies pep and energy when the day seems long.

In short it's good and good for you.

WORLD HAPPENINGS BRIEFLY TOLD

The Prince of Wales soon will qualify for his air pilot's license. He handled the controls during the 200-mile air trips he took in west England without, however, making the landings.

Frankfurter Zeitung says that Germany has paid into the Bank of International Settlements a deposit of 100,000,000 marks, which she is obliged to do under the terms of the Hague agreement.

For the first time in history Scotland Yard has enrolled eight women detectives. Known as the "mystery eight," the women were chosen for their looks, education and knowledge of police work.

Amy Johnson, attractive British girl flyer, who became a national heroine on the recent completion of her flight to Australia, was awarded the honor of Commander of the British Empire in the King's birthday honors list.

Miller's Worm Powders are complete in themselves. They do not only drive worms from the system, but repair the damage that worms cause and so invigorate the constitution that it speedily recovers from the disorders of the digestion that are the result of the work of these parasitic intruders. They do their work thoroughly and strength and soundness follow their use.

Surgery In Motion Pictures

Motion pictures are being introduced into the University of Berlin, Germany, to teach surgery. During an operation in the clinic a camera focussed on the operating table makes a film record of every step in the surgeon's work. Later the film is shown in the classroom and the operation explained.

No Rest With Asthma. Asthma usually attacks at night, the one time when rest is needed most. Hence the loss of strength, the nervous debility, the loss of flesh and other evils which must be expected unless relief is secured. Fortunately relief is possible. Dr. J. D. Kellogg's Asthma Remedy has proved its merits through years of service. A trial will surely convince you.

Senator's Portrait Unveiled

Surrounded by members of the Senate, who united in paying tribute to a former speaker and colleague, Hon. N. A. Belcourt unveiled the portrait of Hon. Hewitt Bostock, whose 35 years of parliamentary life in Canada came to a close during the Easter recess. The portrait, executed by Ernest Fosberry, hangs on the wall of the Senate lobby in a spot chosen by Mr. Bostock a few weeks before his death.

Steam at high pressure has been successfully used to combat fires in oil wells.

Ensures Quality and Length

Canadian Inspectors Keep Careful Check On Binder Twine

One of the perennial difficulties of the grain grower at harvest time comes from binder twine. The Seed Branch of the Dominion Department of Agriculture, through its inspectors, keeps a careful check not only on the quality of binder twine made in Canadian factories and also brought in from other countries, but they also take particular care to ensure that the full length of the twine is in the ball. Under the Inspection and Sales Act every ball of binder twine sold in Canada must bear a label showing the name of the maker and the number of feet per pound in the ball of twine. The usual lengths are 500, 550, 600 and 650 feet per pound, the two longer lengths being the more popular in Canada. Systematic inspection shows that infractions of the regulations are infrequent, and also ensures that quality in the product which gives confidence to the farmer using it.

Winnipeg Newspaper Union

(By Annebelle Worthington).

A sports weight linen in lovely soft brown with maize dots adopts bolero treatment that is decidedly one-sided, with sash ends joined to underarm seams and tied in bow. The skirt sways so prettily cut circular and joined to diagonal yoke top. Shirring at left front shoulder provides decorative note and fullness. Long sleeves have perforations to be made short, if desired.

Style No. 2948 makes an excellent school frock for the girl who knows smart clothes. It is very inexpensive too. In the 8-year size, 2½ yards of 40-inch material is sufficient to copy it exactly. It is designed in sizes 6, 8, 10, 12 and 14 years.

Brown and white checked gingham with the one-sided bolero which is merely an over blouse caught in at shoulder and armhole made of plain brown pique is strikingly chic and serviceable.

Nile green cotton pique with bolero and neckline piped in yellow is very attractive.

Orchid chambray, pink shantung, wool challis in yellow-beige and brown tones, French blue dimity with white polka-dots, and red and white printed pique are effective combinations.

It is just about perfect in tomato red crepe de chine with the little bolero jacket of navy blue crepe.

Printed crepe de chine in Royal blue tones with tan is very smart. Navy blue wool crepe is very fashionable for travel or school days.

Pattern price 25 cents. Be sure to fill in size of pattern. Address Pattern Department.

Advice For Livestock Producers

Should Exercise Caution With Respect To Movement To Slaughter

The Dominion Live Stock Branch continues its advice to the producer to exercise the greatest caution with respect to the movement of livestock to slaughter. The reasons for this are: Consumer purchasing power shows a decline, the expert market is comparatively narrow, demand for beef is now on a hand-to-mouth basis, and cold storage supplies are particularly heavy. At the present time 12 per cent. more beef is in cold storage than for the same time last year, the stock of fresh frozen beef is about 26 per cent. heavier, veal is 76 per cent. heavier, and lamb and mutton in cold storage shows an increase of 84 per cent. over the corresponding period last year.

A True Philanthropist

Spends Money On Summer Camp For Working Women

People who have more money than they can use, or more than is good for their heirs, could not do better, says a writer, than adopt the idea of Mr. August Heckscher, New York philanthropist, who is entertaining 50 women, 45 years old and over, at his summer camp near Peekskill. His guests are recruited from that grim grey army that scrubs floors and cleans offices while those more fortunate in the metropolis play and sleep. If the reader can think of any guests who might be more grateful for hospitality than these scrubwomen, whose wages hover around \$10 a week, the writer wants to hear of them.

FAINT, DIZZY SPELLS

Had To Sleep

Propped Up In Bed

Mrs. Norman Bishop, Salisbury, N.B., writes:—"I was troubled with faint and dizzy spells and when I would lie down I would suffer terribly with smothering spells. I got so bad I had to sleep propped up in bed."

"My doctor said it was my heart and nerves, and that I needed a good heart tonic."

"I was advised to take

and I had not taken one box when I could lie down and sleep like a child."

SUNDAY SCHOOL LESSON

JUNE 15

JESUS ON THE CROSS

Golden Text: "Looking unto Jesus the author and perfecter of our faith, who, for the joy that was set before Him, endured the cross, despising shame, and hath sat down at the right hand of the throne of God." — Hebrews 12.2.

Lesson: Matthew 27.1-66.

Devotional Reading: Psalm 22.1-5, 14-19, 27, 31.

Explanations and Comments

The Crucifixion, verses 32-38. — They led Jesus away to be crucified, going outside the city limits, as was the custom (Acts 7.58). The knoll to which He was taken away was called "Golgotha," a word meaning "the place of the skull." We call it "Calvary," from the Latin word "Calvaria," a skull. There they offered Him wine mingled with gall, for it was a stupefying drink to one about to be crucified. This charitable office, Alfred Edersheim tells us, was performed at the cost of an association of women in Jerusalem. Jesus tasted but would not drink, for He wished to have a clear mind to the last.

"O Man of Sorrows, with the wounded hands—

For chapel, thorns; for throne, a pagan cross,
Bound with the woe and agony of time,
Yet loved by children and the feasting guests—

I bring my suffering, joyful heart to thee."

—Frederick Lawrence Knowles.

Over His head was placed this accusation against Him, written in Hebrew, Latin and Greek (John 19.20): "This is Jesus, the King of the Jews." On either side of Jesus a thief was crucified. Crucifixion was terrible and disgraceful in itself, but if Jesus had hung there with nothing near to disturb the impression of His calm serenity and innocence, Phillips Brooks suggests, it might well have happened that the people who stood and watched would have felt the majesty of the sacrifice. "Already, that place of suffering might have seemed as glorious as it has seemed to the world since. But as it was, they went to prison and dragged out two wretched culprits who were waiting for their doom. That there might be no doubt about the disgracefulness of the Saviour's sufferings, they hung Him between the thieves.

"In the cross of Christ I glory,
Tow'ring o'er the wrecks of time;
All the light of sacred story
Gathers round its head sublime."

The Taunts Of the Spectators, verses 39-44.—The cross was near the public road leading to Jerusalem, and passers-by mocked Him, shaking their head in the direction of the cross, as if to say, some one suggests, "That is what it has come to!"

"Thou that destroyest the temple and buildest it in three days, save Thyself," they jeered. "If Thou art the Son of God," as Jesus had acknowledged at the trial, Matthew 36.64, "come down from the cross," others cried. And the chief priests

and scribes and elders did not scorn to join the rabble in their mockery: "He saved others; Himself He cannot save," they cried.

Producing Better Bacon

Live Hog Grading Policy Has Had Excellent Results

Canada's Live Hog Grading Policy, supervised by the Meat Inspection Service of the Dominion Live Stock Branch, has resulted in the production of increasing quantities of select bacon hogs. Fed on dairy by-products and finished on the small hard grains which make for firm high-quality product, these hogs prepared for market by government inspected packing plants under ideal conditions give the product a mild cure and deliver it to the retailer in the form for which the housewife shows a growing appreciation—better bacon.

Douglas' Egyptian Liniment is especially recommended for spider, or infection of cow's teat. Invaluable also in cases of spavins, curbs and splints.

When this country was first discovered it was a howling wilderness, and since then it has progressed to be a howling civilization.

Minard's for Insect Bites.

Plant life cannot exist more than 600 feet below the level of the sea, but animal life has been found at a depth of four miles.

CHAPTER XV.—Continued.

"Oh, no, she doesn't!" contradicted Grandma, "not if she finds the right man, anyway. School teaching's all very well for a while; but I guess the girls are just the same inside as they were in my day, except maybe they're more sensible. A girl wants her own man and her own home and her own babies, whether she wears her skirts to her knees or trailing in the dust as they did when I was your age. I saw a letter in the Boston paper protesting about 'this leg show,' as the woman called it. I made me sort of mad. I guess she was over seventy, or else terribly behind the times. I'm too old to make changes myself; but it would be a dull world if nobody made 'em; and for my part I can't see what's wrong with a pair o' legs. Even Mrs. Merry's had her best dress shortened, though being the minister's wife I expect some folks'll criticize her. If you're not too tired, childy, I think you'd better make something good for supper. The doctor's been scurrying 'round all day, and is liable to have an appetite. Here he comes now!"

CHAPTER XVI.

On a bright afternoon in late October, Charmian, who had stayed after school to correct some papers, was just starting on her homeward walk when a familiar car approached and drew up beside her.

Before Her Baby Came

"I have used several bottles of Lydia E. Pinkham's Vegetable Compound and find it helps me wonderfully, especially before childbirth. I have five lovely children. After my last baby came I had a miserable pain in my right side so I bought another bottle of the Compound and I feel fine now. I work outside during the fruit season in addition to my housework."—Mrs. Charles Slingerland, R.R. #4, St. Catharines, Ontario.

Lydia E. Pinkham's Vegetable Compound

Lydia E. Pinkham Med. Co., Lynn, Mass. U.S.A.
and Cobeurg, Ontario, Canada

W. N. U. 1841

"Ride?" questioned Jim shortly. "You don't seem to be going my way," she answered. "What of it? I'll have you back in time to get your supper, and a breath of air will do you good. Hop in."

Charmian obeyed. "I hope Grandma won't think I'm lost or kidnapped," she said uneasily; but in a moment Jim saw that she had relaxed, and guessed that his timely invitation was a relief.

"Tired?" he asked, as they moved away from the old brick schoolhouse and headed toward Eastboro.

"A little," the girl admitted. "It's been a trying day. I suppose such days come to all schoolma'ams, and I'm no exception."

"What was your special brand of trouble this time?" Charmian looked up with a quick smile.

"Deacon Purdie." "That old mud turtle! What business did he have with you?"

"Have you forgotten that he is now the doting father of six?" smiled Charmian. "To make a long story short, Jim, Luella's oldest, who's a smart Aleck if there ever was one, was too impertinent yesterday to be endured. I sent him home with a note saying he could not return without apologizing; and his loving stepfather took it to heart."

"What'd he say?"

Jim was running slowly in order to watch Charmian as she talked. She met his eyes with a wistful smile.

"Oh, let's forget it! He's—"

"You'll forget it quicker if you get it off your chest," advised Jim wisely. "Go on."

"He said that his son (note the 'son,' Jimmy!), was not going to apologize to 'no Davis.' He implied that he held the school board in the hollow of his hand, and would make things hot for me unless I let the boy come back without saying he was sorry. And I can't, Jim. I wouldn't have a shred of discipline left if I allowed it. All the children heard my ultimatum, and—Oh, I believe, honestly, that the deacon is just trying to get even about those dreadful beads! Don't tell Grandma, Jimmy. It would worry her to death; but if I lose the school. . ."

Her voice trembled, and because Jim wanted more than he'd ever wanted anything, to tell her that the school might "go to the devil" if only she'd see a certain subject the way he did, he opened the throttle and said nothing at all until he had himself in hand. He didn't speak until they reached a bit of woodland where he stopped the car.

"Look here, Charmian." His voice was the least bit husky, and his arms were folded across his chest in an effort to keep from temptation. "Don't let that worry you a minute. The deacon's on the school board, of course (more shame to Wickfield), but he's only one. Do you imagine that his word would weigh in the balance against yours with the other members, George K. and Doctor Howe? Don't let him scare you. Just stick to your guns and everything will be all right. Gosh! I wish you'd order me to break his ugly nose!"

Charmian laughed. Already her troubles seemed miraculously lighter. "You think I'm right then?" she questioned humbly.

"Of course, you are! Cheer up, now, and relax. Shut your eyes, if you want to, and I won't bother you with talking. You need a rest."

The car moved forward, but though the girl closed her eyes obediently for a few moments, they wouldn't stay closed.

"There's no use my missing this lovely foliage," she explained. "It seems even more gorgeous than usual to me; and Grandma's sure Miss Lizzie's cut-leaf maple was never quite so gay."

"I think it's only that every year the coloring surprises us a little," replied Jim thoughtfully. "We're used to seeing it all green. Then comes a frosty night and—presto change! We wake up and the scene's different, the way they do it in a theatre."

"I believe you're getting poetic in your old age!" laughed Charmian light-heartedly.

"I must have caught it from you, then," he responded.

She answered, a bit reproachfully: "If you did, the infection can't be very recent. You're a good deal of a stranger these days, Jim Bennett."

He threw her a quick glance.

"I understood that your evenings were engaged."

DO YOU SUFFER WITH HEADACHE?

So easy to get quick relief and prevent an attack in the future. Avoid bromides and dope. They relieve quickly but affect the heart and are very dangerous. They are depressing and only give temporary relief, the cause of the headache still remains within.

The sane and harmless way. First correct the cause, sweeten the sour and acid stomach, relieve the intestines of the decayed and poisonous food matter, gently stimulate the liver, start the bile flowing and the bowels pass off the waste matter which causes your headache. Try Carter's Little Liver Pills. Druggists 25c red pkgs.

"How?"

"Entertaining your gentleman boarder," he answered honestly, and was furious to feel the color creep into his face.

"What would you have me do—lock him in the wood shed or his office?" she retorted. "After all, Jim, a boarder is supposed to have the privilege of the family sitting room; and Grandma likes to talk with him."

"A fine chance she has when you and he are watching the moon rise from Wade's Hill," Jim countered with good-natured sarcasm.

"Whoever on this earth told you I climbed Wade's Hill with him?"

Charmian was so astonished that Jim smiled as he replied: "It may have been the whip-poor-will that was singing its head off somewhere in the vicinity that evening; and then again, it may have been Lizzie Baker. There's precious little you do, my friend, that Lizzie doesn't broadcast to—well, my mother, for instance. She hasn't forgiven me, I understand, for taking a detour from the straight and narrow path that leads to your front door; and in consequence. . ."

As he hesitated, Charmian gave way to a peal of laughter in which he joined.

"I wonder why it is that our elders take our slights so much more deeply to heart than we do ourselves," said the girl at last. "Miss Lizzie thinks she owns a piece of me, you know. In her opinion every man in Wickfield should be in love with me."

"She's not far off there," responded Jim gallantly. "But as for slights—why, I—I never. . ."

He was suddenly inarticulate, and Charmian stretched out an impulsive hand, laying it on one of those that gripped the steering wheel; which unexpected contact caused the car to swerve.

"You don't owe me any explanation, Jimmy."

"I think I do," he answered as she removed her hand. "But not on the subject of Clara Darling."

"About what, then?" asked Charmian in surprise.

They had reached Eastboro, and Jim answered, as he slowed up before the bank: "I'll tell you some day," but before she could ask more he had vanished within a side door that gave access to the building after banking hours.

On the way home, however, he skillfully managed to keep the conversation away from his own problems, and hers. He told of happenings at the bank that made her laugh—he asked questions about trivial nothings that kept her mind from her encounter with Deacon Purdie; and when he dropped her before the old Davis house at half-past five, Charmian mas a different girl from the discouraged teacher he had picked up an hour or so before.

"You're a good doctor, Jim," she said gratefully as she left him.

"Seems as if you'd been gone a week," commented Grandma, to whom Jim waved as he rode away. "Not but what it's been sort of an exciting day, though. A man came through on his way to the White Mountains riding one o' those infernal machines—a motorcycle, I mean."

On Your Holidays

Feel safer with a bottle of Minard's in your grip. It will come in handy on numerous occasions.

MINARD'S
"KING OF PAIN"
LINIMENT

I heard him coming from clear down the street so I was watching and saw everything plain as day. It's a wonder he hadn't killed a dozen children, going such a rate; and just as he got here Lizzie Baker's cat ran across the road chasing the Garfield's Plymouth Rock rooster that had got loose somehow. It was a bad combination, I'll admit that. You know how hens behave when they cross a street, and I can't see that roosters act much different if they do belong to the male sex. Anyhow, that man on the motorcycle turned out so as not to hit the cat, and—well, I suppose he must have hit something for he went head over heels and that contraption he was riding lying a-top of him with the engine running."

"Was he killed?" gasped Charmian.

(To Be Continued.)

IS BABY TEETHING?

Teething time is a time of worry to most mothers. The baby is nervous; fretful; feverish. His little gums are swollen and sore; diarrhoea, constipation, colic and sometimes convulsions set in—neither baby nor mother can sleep.

These troubles can be quickly banished, however, through the use of Baby's Own Tablets concerning which Mrs. Louis Grubb, Teeswater, Ont., says:—"I have used the Tablets for all my babies while teething and have found them a splendid medicine."

Baby's Own Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

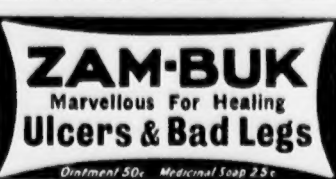

Bananas Grown in England

An exhibit which attracted considerable comment at the Royal Horticultural Society's Fruit Show, in London, England, was a bunch of bananas weighing nearly half a cwt., which had been grown in England. This is the first time for 25 years that bananas grown in this country have been exhibited at one of the society's shows.

Minard's Drives Away the Headache.

Noisy Nuisances

A Massachusetts court has ruled that airplanes flying less than 100 feet from the ground commit a trespass on private air right. But what we are more interested in discovering is how far our horizontal air rights extend, as against the neighborly radio?

"No more stomach trouble. Can eat anything," writes Mrs. E. White. Thousands say indigestion, heartburn, gas vanish like magic with "Fruit-a-tives." Constipation, sick headaches and over-night. Nerves, heart quiet, sound sleep at once. Rheumatism flies away. Complexion clears quick. Get "Fruit-a-tives" from druggist today.

Little Helps For This Week

"Changed into the same image from glory to glory."—2 Corinthians iii. 18.

O hearts of love! O souls that turn Like sunflowers to the pure and best!

To you the trust is manifest; For they the mind of Christ discern Who lean, like John, upon His breast.

—John Greenleaf Whittier.

Stand in Christ's presence and mirror His character, and you will be changed in spite of yourself, and unknown to yourself, into the same image, from character to character. Every man is a reflector; that is the principle upon which this is based. He cannot help reflecting; he cannot help showing the environment in which he has lived, the influences that have played around him. All friendship, all love,—human and Divine,—is spiritual, so that it is no difficulty in reflecting the character of Christ that we have never been in visible contact with Him. He does not appeal to the eye; He appeals to the soul, and is reflected, not from the body, but the soul.

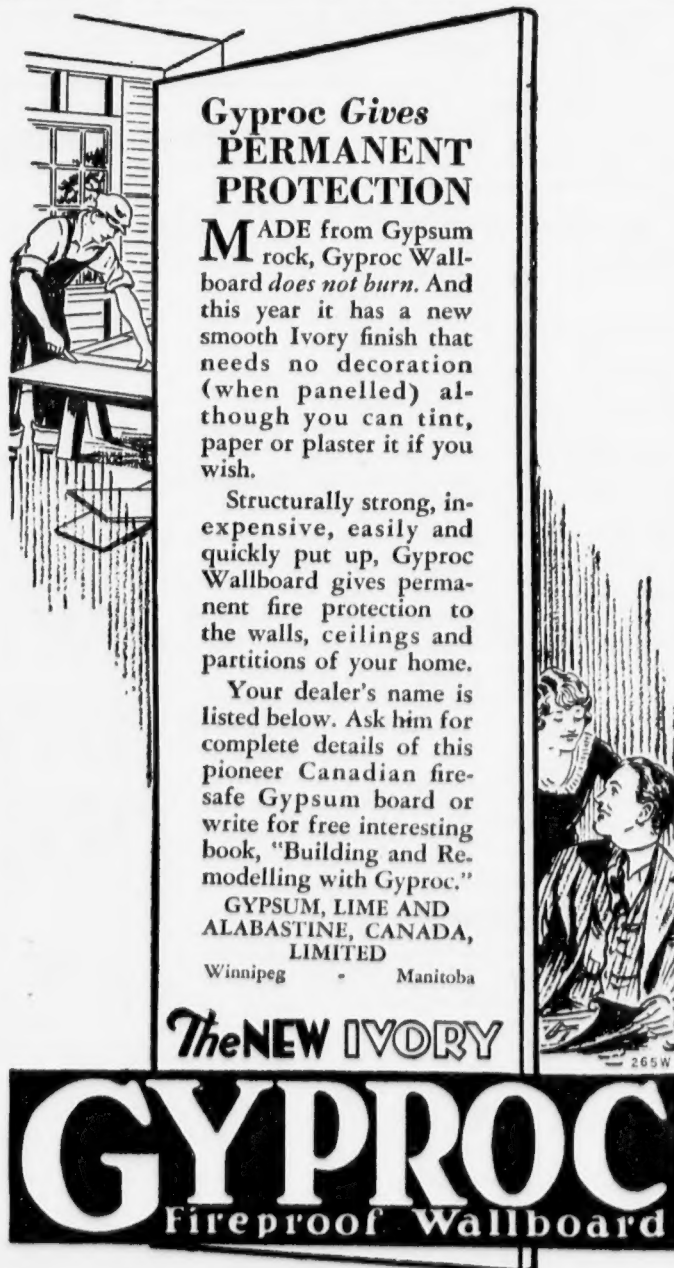

—Henry Drummond.

Customer—"I'd like a nice birthday present for my son. He likes something to blow."

Helpful Merchant—"How about a good handkerchief?"

A safe and sure medicine for a child troubled with worms is Mother Graves' Worm Exterminator.

An automobile which can be taken to pieces and placed in a small garage has been invented in Germany.

Gyproc Gives PERMANENT PROTECTION

MADE from Gypsum rock, Gyproc Wallboard does not burn. And this year it has a new smooth Ivory finish that needs no decoration (when panelled) although you can tint, paper or plaster it if you wish.

Structurally strong, inexpensive, easily and quickly put up, Gyproc Wallboard gives permanent fire protection to the walls, ceilings and partitions of your home.

Your dealer's name is listed below. Ask him for complete details of this pioneer Canadian fire-safe Gypsum board or write for free interesting book, "Building and Remodelling with Gyproc."

The Innis Private Nursing Home, 921-18th Ave. W., Calgary, Alberta. Excellent care for aged people, chronic, or waiting cases. Telephone W-2710.

Mr. and Mrs. J. J. Greenan returned from Calgary on Friday. Mrs. Greenan had her tonsils removed while in the city.

F. J. Bessant and W. A. Braisher left on Monday for Edmonton to attend a Masonic convention.

A dance will be held in the Farmers' Exchange hall on Friday night of this week, after the picture show.

DONALD SPENDS "TUPPENCE"

Issued by Red Cross Society

One of our Edmonton school teachers who is overseas visiting in the beautiful Welsh mountains, told me a story of a little Londoner she knows who went to a birthday party recently and caused a lot of fun.

His name was Donald and he was only half-past-nine, that is, in years, although I really believe his little mind was much more mature than his body. It was his Grandmother's birthday and she was eighty years of age. Donald in his endeavor to say something especially nice to Granny, told her she was an "Octo-geranium" and that he had brought her a present.

Of course, we know, that what he really meant was an octogenarian and not a geranium. But the latter word was more easy for him to say, and anyway he knew what geraniums looked like for his grandmothers window boxes were gay with them, all pink, and red, and white. Somehow they did not look like his dear old "Gran," as he called her, for she had white hair and her face was always a soft pinky color, and it did not come out of a box either, like his big girl-cousin's did. Then she always looked jolly and bright, just like a happy Granny should and like her own window boxes.

Donald carried his little parcels with pride to his Grandmother and she kissed him as she opened them out. He had bought them with his very own money and nobody told him what to get either.

The grown-ups at the party smiled and were much amused at his choice, but Grandmother just said "God bless the boy, he has chosen the very best things he could."

Donald had given his whole treasury of "Tuppence" in this outpouring of love. Like the widow in the bible story whose two mites meant so much in the eyes of Christ, he had done what he could. What though the choice was an unusual one, the big cooking apple which cost one penny and the oxo cube which cost the other, were the expression of the unselfish love of a little Red Cross Junior, who had early learned the beautiful lesson of sacrifice.

TENDERS FOR REPAIRING WEBB SCHOOL HOUSE

TENDERS will be received by the undersigned up till noon on the 20th day of June for the repairing of the Webb School house. These repairs will include a new foundation, a new floor, etc.

Who Does Your Printing?

All business houses need more or less printed matter, all of which is within the possibilities of the local printer. Yet how prone many are to pass up the home printer and let the orders go to city offices which have no interest whatever in rural communities except to get printing orders and the cash to pay for them. Business men, remember that the home paper is constantly promoting the interests of the home community and you owe it to yourself and your local paper to back up these efforts by at least having your printed matter done locally.

WHEN IN NEED OF PRINTED MATTER CONSULT
